## Four Injured In Accident

Four persons were injured in a three-car accident Thursday at 4:10 p.m., according to Murray Police.

The accident occurred at 10th and Chestnut Streets, and involved cars driven by Margaret McKinney, 612 Fairlane, Mildred Nall, 1706 Ryan, and Mahlon Frizzell, 419 South Ninth, according to police.

The drivers and a passenger, Beverly McKinney, all received minor injuries and the McKinney's were treated and released at the local hospital, according to hospital authorities.

Investigating officers said the McKinney car was going west on Chestnut, the Nall car was going north on 10th, and the Frizzell car was stopped at the stop sign, headed south, at the time of the accident.

### OVERDUE BOOKS

The Calloway County Public Library is beginning its semi-annual campaign to recover all overdue books.

"We have some books that have been overdue a year," said a spokesman. "It is the responsibility of patrons to see that books are returned on time."

The library is requesting that anyone having delinquent books to return them to the library as soon as possible. The book deposit is open twenty-four hours. This will save time and expense of letters and calls that would otherwise have to be made, the spokesman said.

NEW ROTARY PRESIDENT—A. W. Simmons, Jr., center, vice president of the Bank of Murray, has been installed as the new president of the Murray Rotary Club to serve until June 30, 1978. Passing the president's gavel to him and offering congratulations is the out-going president, Dr. Ray Moffield, a professor in the Department of Journalism, Radio and Television at Murray State University. On the right is Forrest Priddy, who was installed as the new vice-president. Other officers include Ted Vaughn, secretary, and Carmie Hendon, treasurer, both of whom were re-elected to their posts.

## Ammons Pleads Not Guilty To Latest Charges In Paducah

Dr. James Ray Ammons pleaded not guilty in U. S. District Court Thursday to the latest federal grand jury indictment charging him with six

counts of illegal drug sales.

Ammons, who has been lodged in the Paducah City Jail since his arrest on the latest charge June 29, will go on

trial Sept. 9 in Paducah, according to U. S. Magistrate Ron Daniels.

The latest indictment, the third returned against the physician this year, charges him with the unlawful possession with intent to distribute and the actual distribution of two dosages of PCP, and with possession with intent to distribute about 85 grams of marijuana, five tablets of apomorphine, 253 tablets of Mediatric, nine tablets of Tenuate, and 4.5 milliliters of liquid Valium.

Those charges stemmed from the investigation by Kentucky State and Drug Enforcement Administration officials that Ammons allegedly distributed the drugs June 28 to two local youths.

Ammons, who was arrested June 29 following his testimony in the trial of a co-defendant in another case, already faces 15 years imprisonment and a \$5,000 fine stemming from his conviction on one drug indictment and a no contest plea on the other. The former indictment concerned the distribution of several controlled substances illegally and a conspiracy to obtain a large amount of marijuana in Florida. The latter plea was made on another indictment charging him with conspiracy to obtain marijuana from Mexico and smuggle it into the U. S.

The conviction has been appealed to the U. S. Sixth Circuit Court of Appeals in Cincinnati. He had been free on bond pending disposition of the higher court, but that bond was revoked by U. S. District Court Judge Charles Allen after Ammons' latest arrest. His request for bond on the latest charge has been denied by Judge Allen and Daniels.

## Carter Critical Of Steel Price

WASHINGTON (AP) — President Carter, disappointed by a new U. S. Steel Corp. price increase, is concerned that the hike could undermine the administration's anti-inflation program, his chief economic adviser says.

"The government can't do it alone. There has to be some general restraint shown by others," Charles L. Schultze, chairman of the President's Council of Economic Advisers, said of the anti-inflation effort.

Schultze, who asked reporters to his office Thursday evening, criticized U. S. Steel shortly after the nation's largest steelmaker announced price increases of 6 per cent on structural steel and 7 per cent on tin mill steel.

"The administration believes such action is clearly inconsistent with efforts to control the inflation rate," Schultze said. He said Carter had "expressed his sharp disappointment with this development."

Structural steel is used in construction, while tin mill steel is used in food and beverage cans.

Although U. S. Steel said the increase is needed to offset higher labor charges and other costs, Schultze said the steel industry has raised its prices in recent months much faster than the average increase for all American industry.

"We've got to let the public know about it," he said, when asked what the criticism would accomplish. "We have to look at it in terms of what's been happening."

If other steelmakers follow U. S. Steel's lead, he said, overall steel prices will be 12.5 per cent higher than they were in September. The latest increase is the fifth significant hike in 10 months, he added.

The steel price increase and the Carter administration's criticism of it came on the same day that the government issued another unfavorable report on inflation, showing the struggle to contain rising prices has a long way to go.

The Labor Department said consumer prices rose six-tenths of 1 per cent in June, the same as in May, and were up 4.4 per cent for the first six months of the year. Prices rose only 4.8 per cent in all of 1976.

Some administration officials had indicated they expected a much better price performance in June after recent improvements in wholesale prices, including a decline of six-tenths of 1 per cent in June.

The administration took heart from another key economic report that showed the economy grew at a healthy 6.4 per cent annual rate in the second quarter of the year, as measured by the gross national product. The same report revised upward the first quarter growth to 7.5 per cent from the 6.9 per cent reported previously.

Combined, the growth during the first six months of the year averaged about 7 per cent, well above the administration's target for over-all economic growth this year of about 6 per cent. The administration expects an easing in economic growth to a rate of about 5 per cent during the second half of the year, still a favorable figure.

Some economists have expressed concern that the nation's economy might run out of steam in the second half of the year and could undergo a sharp slowdown, similar to the one in 1976 when unemployment began climbing again after mid-year. This could occur again if GNP growth slips below a 4 per cent rate.

## Free Workshop To Be Held At Murray State On Monday

A free one-day workshop focused on innovations in physical education from kindergarten through grade 12 will be offered at Murray State University on Monday, July 25.

Scheduled to begin with registration at 8:30 a.m. in the south gymnasium of the Carr Health Building on the campus, the physical education workshop is one of a series sponsored by the Kentucky Department of Education in conjunction with several state universities.

Teachers, along with anyone else interested in new ideas, philosophy, strategy, and methods of improving the professional performance of classroom teachers and conducting a more beneficial program of physical education, may attend.

Topics for the day include aerobics, physical education in the future, new

guidelines for physical education, Title IX, fitness activities for the classroom teacher, nutrition and diet, professionalism as teachers, and grading, testing, class organization and community awareness.

Free materials will be available for participants, along with addresses where other free materials can be obtained.

Serving on the planning committee for the series of health and physical education workshops across the state are: Lee Allsbrook of the Middle Tennessee State University staff and clinician for the President's Council on Physical Fitness and Sports; Pat Michaux, a teacher at Julius Marks Elementary School in Lexington; faculty from participating universities; and representatives of the Kentucky Department of Human Resources.

## Civic Music Association Board Approves Season Schedule

The Board of Directors of the Murray Civic Music Association approved its 1977-78 season at a Board Meeting, July 12, in the home of the Association's president, Jack Winter.

"The upcoming season is an extension of the past in that the highest quality attractions available in the country are being brought to the Murray area," Winter said.

The season will open October 9th with the "Soviet Georgian Dancers."

"Never has there been anything like them on the concert scene!" critics have said. "Direct from the Soviet Union, the Soviet Georgian Dancers and the Tbilisi Polyphonic Choir make their eagerly awaited return this season."

"After their triumphant 1974 U. S. debut tour, this extraordinary ensemble of dancers, singers and musicians was hailed by Clive Barnes of the New York Times as "one of the

great dance ensembles in the world."

The second attraction will feature The Louisville Orchestra. This concert, which has been scheduled for October 30, should make every Kentuckian proud of their State, a spokesman said.

Andre' Watts will appear in Murray January 27.

"He plays as if he were a universe of music. He possesses a gift that defies explanation. This is more than mature playing — it demonstrates wonderful insight, intensity, poetry, a sweeping command of the keyboard and extraordinary communication — all to an overwhelming degree. Watts is ageless," says Harriett Johnson of The New York Post.

The fourth attraction will feature The Pittsburgh Ballet. The Pittsburgh Ballet is highly professional in its offering of both traditional and contemporary dance. Their season is always greeted with praise. Their

contribution to the world of dance should be well received in Kentucky.

The season will end April 11th with a performance by Clamma Dale. She became the toast of the musical world last season for her brilliant and highly-acclaimed portrayal of Bess in the Houston Grand Opera Company's production of "Porgy and Bess" on Broadway and throughout the United States and Canada. She was seen in the Murray area when she appeared on TV in the inaugural gala for President Carter.

"One of the great young singing actresses around," stated the New York Daily News.

"A tall beauty with an animal elegance and a voice like molten gold, Dale expresses, with every resource of the born singing actress, a passion and artistry that are overwhelming," echoed Newsweek Magazine, as critics everywhere scrambled for new superlatives to describe the young singing phenomenon.

She was seen again on Murray television this past Sunday when she appeared with Arthur Feilder and the Boston Pops. The Boston audience gave her a well deserved standing ovation, and the Murray audience is predicted to respond in the same excited manner.

This season could only be surpassed in a major metropolitan area, a MCMA spokesman said.

The membership drive will begin September 11 with the opening of the ticket desk in the lobby of the Bank of Murray, downtown. Membership dues will be: adults \$15, students \$7.50 and family \$35.

"It would appear that a season of this magnitude would possibly be a complete sell-out," the spokesman said. "Therefore, anyone wishing to purchase tickets at this time may do so by making their check payable to: Murray Civic Music Association and mailing them to 1010 Westgate Drive, Murray, Kentucky 42071.

The patron program will continue this season with the following categories of gifts:

- Patron: \$10-\$49 above cost of memberships;
- Sustaining Patron: \$50-\$99 above cost of memberships;
- Benefactor: \$100 or more above cost of memberships; and
- Corporate Sponsor: \$100 or more (for business establishments).

Members of the board of directors include: Mrs. James Rudy (Neva Grey), Albritten, Mrs. Max G. (Kay) Carman, Richard Farrell, Mrs. Gaylord T. (Marilyn) Forrest, Mrs. Carole R. Hahn, Mrs. James C. (Libby) Hart, Dr. Hal E. Houston, Mrs. Don (Jane) Hughes, Dr. James M. Kline, Mrs. A. C. (Irmal) LaFollette, Mrs. C. C. (Betty) Lowry, Dan McDaniel, Mrs. Ed (Jackie) Overbey, Mrs. Jane Prince, Dr. Joe N. Prince, Paul Shahan, A. W. Simmons, Jr., John C. Winter, and Mrs. John C. (Norinne) Winter.

TO OPEN MCMA SEASON—The "Soviet Georgian Dancers" will open this year's Murray Civic Music Association season with a performance on Sunday, October 9. In addition to this program, three other attractions have been scheduled throughout the coming season.

### Easy Exercises

Do you ever feel too exhausted after a day's work to give your muscles the good "workout" they need? If you work at a desk, or bench, here are a few exercises you can do during your work day.

**For calves and thighs:** When you have to bend down for something on the lowest file or shelf, rise up on your toes and while up on your toes, slowly lower yourself into a knee bend.

**For the abdomen:** Pull in your stomach muscles, and hold for the count of ten. This exercise has the same effect as set-ups but is a lot less strenuous.

**For the shoulders:** Slowly touch left ear to left shoulder, and right ear to right shoulder. Raise both shoulders to touch ears, drop them as far down as possible.

**For the neck:** Watch an imaginary plane take off below the right shoulder. Stretch neck, follow it slowly as it moves up around and down, disappearing below the other shoulder. Repeat, starting on left side.

**For the legs:** Squeeze the toes—then relax. Bend the

foot forward, then relax. Tighten the hip—then relax.

**Upper arms:** Two free hands for this exercise. Sit down and grab your desk or bench at both ends. Try to compress it by pushing your arms together. This will help firm your arms.

**For the hands and wrists:** (1) Relax, shake hands vigorously from wrists without moving arms.

(2) Make a fist, stretch the fingers as straight as possible. (3) Touch the tip of each finger to the end of the thumb, making as round a circle as possible.

(4) Bend wrist forward and backward as far as possible.

Use these exercises whenever you have a spare moment during the day, both to relax tension and improve the tone of important muscle groups.

## How to avoid food poisoning

Food poisoning is avoidable. The U.S. Department of Agriculture suggests three basic rules: Keep all food clean. Keep cold food cold. Keep hot food hot.

The germs that can give you food poisoning are usually killed during cooking. The trouble comes after foods are cooked and before they are eaten. Just keeping food warm until serving is often not enough. Some germs produce poisons in warm food within two hours. Take food from the oven straight to the table and refrigerate leftovers as soon as possible.

The same two-hour period applies to food preparation. Germs which grow during this time may not be destroyed by heating. What's worse, these germs seldom change the taste, odor or appearance of food.

Cold is the other way to fight germs. At 40 degrees F. or below, germs multiply very slowly. Therefore, keep those foods to which germs are partial—meats, dairy products, and egg dishes—in the refrigerator. Likewise, pick up these items last when you go shopping, bring them home immediately and get them into cold storage.

Thaw meat in the refrigerator if you can. If you are in a hurry, put meat in a sealed plastic bag and hold under cold running water. Care should be taken to thaw meat without allowing an excess growth of germs.

Germs—or microorganisms, the word scientists prefer—are very small, on the order of 1/25,000th of an inch. The space of one grain of sugar could accommodate 400 million of them. Some microorganisms are good for you and these are exploited, as in the processing of cheese.

There are, however, hundreds of kinds of microorganisms which can cause food poisoning, ranging in severity from a

mild stomach ache to death. Some food poisoning is caused by microorganisms which produce their own toxin. The very worst of these is "clostridium botulinum" or botulism, which fortunately occurs very rarely.

To put this into perspective, one million people are expected to die of heart disease this year, while 330,000 deaths will be due to cancer, 53,000 deaths caused by automobile accidents, and two deaths resulting from botulism poisoning.

Between 1926 and 1971, there were 775 billion cans of food produced by commercial business in the United States, reports the Grocery Manufacturers of America, Inc. Of this number, three fatal cases of botulism were reported. The vast majority of outbreaks are caused by improperly processed home canned foods.

Salmonella is a more common and less feared type of food poisoning. It is often carried into the home by family pets. Playing with the dog while fixing lunch is not a good idea. The National Research Council estimates 2 million cases each year of salmonella poisoning. The National Center for Disease control investigated and found not a single case attributable to commercially processed foods.

This means, in short, that the home-maker has to be more careful. The problem with germs is that they are everywhere. The temptation is just to give up worrying about them. However, only a small effort is required to assure the health of you and your family.

The best way to keep germs at a minimum is to use lots of soap and hot water on dishes, utensils, counter tops and hands. Food poisoning can be avoided. Just remember: Keep hot food hot. Keep cold food cold. Keep all food clean.

## Wife Wants Love—At Home or Abroad

By Abigail Van Buren

© 1977 by The Chicago Tribune-N.Y. News Synd. Inc.

DEAR ABBY: I've been married for 14 years. I love my husband but I'm thinking seriously of having an affair. It's been years now since he said, "I love you." He can go three or four weeks without making love to me, then it's only because I've suggested it, and I don't really enjoy it when I have to beg for it.

He gets off work at 4 p.m., goes to a bar with his buddies and doesn't come home until 6 or 7. He eats, and then falls asleep in front of the TV before 8. Then he gets up around 10 p.m. and goes to bed.

He's a good father and a good provider, but I can't take it anymore. I need love and attention.

A friend of ours asked me to have an affair with him. I had never even thought of anything like that. Now I can't think of anything else. I haven't made up my mind yet, but if you print this, maybe my husband (or other husbands) will see it and change before it's too late. I really love him and I've tried to get him to a doctor but he refuses. He says he's only 35 and there's nothing wrong with him. Well, I'm only 31 and I need love.

I don't really want to have an affair, but I'm slipping.

HUNGRY FOR LOVE

DEAR HUNGRY: Here's your letter. I hope your husband (and other men who can identify with the above routine) see this and wake up before it's too late.

DEAR ABBY: Our dog will be going to doggy heaven any day now. Frisky is 90 in human years and he's in awfully bad shape. He's nearly blind and he's so weak he keeps falling down.

We can't bear the thought of putting him to sleep, but want to know where to bury him when the time comes.

We can't afford a plot in the pet cemetery, and he's meant too much to our family to just put him out with the trash. The children want to bury him in our backyard, but I hear there's a law against that. Can you help us?

FRISKY'S FAMILY

DEAR FAMILY: When Frisky dies, phone your local animal shelter. They will come and pick him up. Under no circumstances should you put an animal's remains in a trash can that you intend to use again. And in most areas there are laws against burying an animal in a residential section.

DEAR ABBY: My girlfriend doesn't shave under her arms or even use a deodorant, and she just plain smells bad! I can't understand how she can go around offending people that way, and then blaming them because she doesn't get invited places.

She's a very sensitive person (all except for her nose), that's why I can't tell her what I have just told you.

Any advice?

OFFENDED

DEAR OFFENDED: You can and must tell her how she smells. It's the friendliest thing you can do.

CONFIDENTIAL TO W.S.B.: To succeed in business, stay awake! Spend too much time in the arms of Morpheus and you'll wind up in the hands of the receiver.

Everyone has a problem. What's yours? For a personal reply, write to ABBY: Box No. 69700, L.A., Calif. 90069. Enclose stamped, self-addressed envelope, please.

## Hardie and Higgins Vows Solemnized At West Fork

Miss Kathryn Jean Hardie and Freddie A. Higgins were married in a June wedding at 7:30 p.m. at the West Fork Baptist Church at Stella with the Rev. Heyward Roberts performing the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Wayne Hardin, and the groom is the son of Mrs. Geneta Higgins and the late Grant Higgins.

Rodger Hutson arranged and conducted the recorded traditional nuptial music.

The altar was decorated with a fifteen branch candelabrum flanked by two baskets of pink and white gladioli and greenery.

**Bride's Dress**

The bride was escorted by her father and given in marriage by her parents. She wore a gown of white satin overlaid with organza. The dress, designed and made by the bride, was trimmed at the banded neckline, empire waist, and hem with reem-broidered lace. The gown featured long fitted sleeves and a sweep train. Her Dutch headpiece matched her gown and her fingertip veil was edged in ruffled lace.

She carried a colonial bouquet of pastel carnations, daisies, and baby's breath.

Mrs. Etana Hardie was the matron of honor and Miss Penny Higgins was the bridesmaid. They wore gowns of light blue quinnana with cape collars and butterfly sleeves of light-blue sheer with pastel flocked flowers. Pink velvet ribbon outlined the banded necklines and empire waists. They carried bouquets similar to that of the bride.

Miss Tammy Washer and Miss Theresa Washer were the flower girls and wore dresses of pink dotted swiss with ruffles at the necklines, sleeves, and hems trimmed in white eyelet.

They carried baskets that matched their dresses and

## Temperance Group Has Picnic Meet

Calloway County Woman's Christian Temperance group met at Lake Way Shore in June for a picnic meeting with Mrs. Virginia McDaniel as the gracious hostess at this beautiful place.

Mrs. Bertha Hines spoke on the theme "Great Possibilities," and brought a devotional from Heb. 13:1-9, stressing the showing of love and concern for others. Special prayer was made for the children and youth, along with the homes of the nation. Child Abuse and Pornography, along with solutions for such problems, were discussed. As an organization for the purpose of protecting the homes, the group's searching for ways to help in the present-day delima, a member said. "We seek to work directly with the children and youth in our LTL group ages 6-12 and our YTC group including those from 12 on up to marriage. In these groups we are seeking to have speech contests and poster contests to help train and inform them, as well as compete for prizes. There is no group organized as yet for the Youth Temperance Council (YTC), but we are believing the Lord for this in the near future," the member said.

Plans were made for the meeting on July 22, when the group will elect officers and think of the new year beginning in early September. Two new members who joined recently were welcomed, and visitors are welcome to attend.

All Youth are invited to attend YTC Camp to be held at Corbin, Ky. Aug. 8-13, ages 12 up to marriage. A special bus will go from Mayfield, and expenses are \$25.00 per person plus spending money one may need. If there are those who can't pay the full amount and can pay half of their way plus spending money, there will be a way provided. Contact Lorene Clayton at Hazel right away so she can let the youth director at Mayfield know, and send you more in-

formation, a spokesman said. If you are interested in camp this year, Youth, call 492-8480 and speak to Miss Clayton about this camp.

### Murray Women Attend Alpha Omicron Pi Meet

Four members of Alpha Omicron Pi social sorority represented the Delta Omega Chapter of Murray State University at the fraternity's 52nd International Convention.

Those attending the June 16-20 meetings at the Camelback Inn, Scottsdale, Arizona, were Mrs. Treva Mathis, pledge advisor, Mrs. Linda Stockton, financial advisor, Miss Janice Elliott, Mayfield, chapter president, and Miss Sally Ann Williams, Belleville, Ill., chapter vice-president.

These delegates were joined by 506 other Alpha Omicron Pis representing 85 collegiate chapters, two colonies, and 142 alumnae chapters.

The Delta Omega Chapter came to the Murray State University campus in February of 1961 and has had over 430 members in its sixteen years existence.

Since Alpha Omicron Pi's founding in 1897 at Barnard College (Columbia University), New York City, the women's fraternity has grown to include over 55,000 members across the U.S. and Canada. Convention gives these members a chance to get acquainted, exchange ideas and learn more about the operations of AOII International.

Research grants were awarded at the convention for the fraternity's international philanthropy, the Arthritis Foundation. Since 1967, Alpha Omicron Pi has provided over \$100,000 for arthritis research.

In honor of the four original founders, awards were presented to both collegians and alumnae for outstanding contributions to college, profession, community and fraternity. In business sessions, Alpha Omicron Pi rules and procedures were reexamined and new legislation forged. New international officers and executive board directors were elected.

The 52nd International Convention was headed by International Convention Chairman, Mrs. Robert (Diana) Carleton, Chicago, and Local Convention Chairman, Mrs. Frank (Becky) Weinburg, Mesa, Ariz. The convention was under the direction of Alpha Omicron Pi's International President, Mrs. August (Norma) Ackel, Encino, Cal., and was guided by the other international officers.

**SORORITY CONVENTION**—Attending the convention of the Alpha Omicron Pi social sorority at Scottsdale, Arizona, were, left to right, top, Treva Mathis and Linda Stockton, and seated, Janice Elliott and Sally Ann Williams, all from the Delta Omega Chapter of Murray State University.

## The Promised Land

Association with Moses for forty years afforded Joshua, his divinely appointed successor, sufficient practical experience to qualify him for the leadership of the children of Israel. Joshua had great faith in God and displayed remarkable devotion to Him. There was never any wavering, hesitating, or delaying when the way of duty was made known to this man of faith, steadfastness, and spiritual integrity. God told Joshua to cross the Jordan River, to lead the Israelites into the Promised Land, and to enjoy the marvelous blessings that were in store for them there. Joshua was encouraged greatly by God's promise of His constant and unfailing presence and power, enabling him to do all that would be required of him.

Joshua 4:4-7

Joshua led the children of Israel across the Jordan River, while God stopped the water from flowing. As soon as they had crossed to the other side, God instructed Joshua to choose one man from each of the twelve tribes, and to have them to carry large stones from the River and erect a memorial. Such a memorial would certainly excite the attention of those who passed that way and observed it, and would certainly increase the gratitude of those who understood its significance. When the rising generations inquired about its purpose and meaning, their parents and others would joyously and gratefully relate the story of that miraculous crossing to the praise and honor of God. Such important events should never be permitted to sink into utter oblivion, but should be memorialized.

Joshua 5:10-12

On their journey through the wilderness God led them with a pillar of cloud by day and a pillar of fire by night. When they faced danger God protected them from harm. When they were thirsty, due to the lack of water, God provided for them streams in the wilderness. When food became scarce God rained down manna around their tents.

After a long interval in which they had not observed the passover, they gladly did so at Gilgal. The manna ceased to fall, and they ate unleavened cakes and parched grain. God's care of them continued in a new and different form, as so often is the case, and they truly enjoyed "the fruit of the land of Canaan." Now that they had arrived where they could plant, cultivate, and harvest, and subsist without supernatural intervention, God discontinued the sending of manna from heaven.

Joshua 6:1-5

Before the Israelites could proceed from the river safely and successfully, it was necessary for them to deal with the walled and well-fortified city of Jericho. In the light of God's promise the land was theirs already, but it was their responsibility to take possession of it. Their worst enemies were within the walls of Jericho and had to be removed before they could make any progress on their journey. They did not know how to capture the city, inasmuch as they did not have a known way of penetrating or scaling its remarkable walls.

It was not for Joshua to decide on a method of attack. That decision was left with God, where it rightfully belonged. God outlined for and presented to Joshua a plan which seemed quite strange to men, but it was one which would result in God receiving the honor and glory for its success, rather than the Israelites getting the credit and praise for its capture. God instructed Joshua to have the Israelites to march silently around the fascinating and strong walls of Jericho for six successive days. On the seventh day they were to march around the city seven times. When this somewhat monotonous procedure had been carried out, the priests blew a long blast on their rams' horns, the people shouted, and those thick walls collapsed. This remarkable feat was a clear demonstration of power of God. This unforgettable incident proved that God had the strength to do whatever He

wanted to do, apart from the military strategy of men.

Joshua 11:23

Following the conquest of Jericho, the people of God took possession of the land which God had previously given to them. As soon as they got control of the land, Joshua apportioned it to the respective tribes to which it had been assigned, and God's previous promise was fulfilled. In His own good time and by the method He deems advisable and best, God always fulfills His precious promises.

## Inside Report

By Rowland Evans and Robert Novak

## Riding The Bear

LUSAKA, Zambia — The fortress-like Soviet Embassy here has become the nerve center of guerrilla operations against Rhodesia (Zimbabwe) and Southwest Africa (Namibia), undermining persistent Western hopes that Zambia's President Kenneth Kaunda would become the peacemaking moderate for southern Africa.

Behind the embassy's high, heavily guarded walls, a short walk from the Zambian foreign ministry, Ambassador Vasily Solodovnikov is intimately involved in training, supplying and even deploying guerrillas. Moreover, old diplomatic hands see him doing his worst to scuttle Western efforts for negotiated settlements in Rhodesia and Southwest Africa. For the Kremlin to cash in on its heavy investment, the guerrillas must win: A genuine free election might well install a non-guerrilla government.

The Soviet aim thus conflicts with popular sentiment in Zambia, possibly shared at heart by Kaunda himself, for

a quick negotiated peace in Rhodesia. Nevertheless, Kaunda publicly takes the hard line and may be trapped in positions not in his nation's best interest. Having mounted the Russian bear, Ken Kaunda cannot easily get off.

Solodovnikov has impressive credentials. An expert at the Soviet Africa Institute with intimate links to the KGB, he was architect of the Kremlin's highly successful strategy for Southern Africa. But the pudgy, smiling Russian is no KGB heavy, frightening off diplomatic colleagues. Rather, he assures everybody of his sincere best wishes for the Anglo-American initiative on Rhodesia.

Veteran diplomats don't believe a word of it. Solodovnikov supervised the quick buildup of Joshua Nkomo's new 3,000-man guerrilla army based in Zambia. Having put their money on this new military factor, the last thing the Russians want is a quick settlement.

Indeed, Solodovnikov has made Zambia a hub of military activity in

southern Africa. It is a base for guerrilla raids against both Rhodesia and the long sliver of Southwest Africa called the Caprivi Strip. Soviet Aeroflot passenger planes land regularly at Lusaka Airport, ferrying Nkomo's guerrillas to and from training in Angola.

But in typical Russian style, Solodovnikov is no gracious guest. While using Zambia as a base for military operations elsewhere, he is not beyond attempting a little subversion here. Some 250 Russian Technicians, mainly teachers, are suspected by Zambian officials of proselytizing student radicals against Kaunda as an old fuddy-duddy with insufficient revolutionary fervor.

The matter surfaced when the Zambian government accused a Novosti press representative (undoubtedly a KGB man) of subversive activities and told Solodovnikov there would be no publicity if the agent were quietly returned home. The ambassador refused. The Zambian government then kicked out the Novosti man, announcing it in a brief item buried in Lusaka's government-controlled newspapers.

The Novosti incident is seized upon by Western diplomats as proof that Kaunda runs his own house, but it actually reveals Solodovnikov's arrogance and Kaunda's caution. Certainly, Kaunda is no free agent capable of throwing out the Russians in Egyptian-Sudanese fashion. Besides reliance on Soviet arms by the Zambian army (now deployed on the Rhodesian border), Kaunda is constrained by fellow "front-line" states (Mozambique, Angola, Tanzania) more radical than Zambia.

So, Kaunda's posture has hardened. The agent for Angola's anti-Communist UNITA guerrillas, backed by Kaunda in the Angolan civil war, has been thrown out of Lusaka. Although Kaunda once condemned Cuban intervention in Angola, he recently suggested Cuban troops might be used in Rhodesia.

Kaunda's switch from moderate to hawkish rhetoric on Rhodesia is attributed by Western apologists to disillusionment over past failures in negotiations. But beyond rhetoric, he singlehandedly pushed the African summit meeting in Gabon to a resolution demanding a military solution in Rhodesia. Western diplomats suspect a recent editorial in the Zambia Daily Mail, criticizing a suggested British Commonwealth peacekeeping force for Rhodesia, was written at State House (the presidential palace). Above all, Kaunda is as committed to Nkomo's military force as are the Russians.

Kaunda's militancy does not fit the national mood, which greeted "war posters" slapped all over Lusaka with ennui. Although depressed copper prices are mainly responsible for Zambia's economic hard times, closing the border with Rhodesia also hurt. Apart from student radicals, Zambians would rather spend money on Lusaka's wretched shantytown slums than for more Soviet military hardware. Even back-benchers in parliament are privately cool to the war effort.

Ken Kaunda, a likeable, decent man in a continent where those qualities are in short supply, cannot change course to satisfy public opinion. He will ride the Russian bear until Soviet-backed guerrillas take over Rhodesia. Whether he dismounts at that point, nearly surrounded by leftist neighbors, is something Comrade Solodovnikov will have much to say about.

## The Editor's Notebook

By GENE McCUTCHEON  
Murray Ledger & Times Editor

Sharon Pederson's assessment of her worth to her family has been confirmed by a Seattle Superior Court judge.

Judge George H. Revelle ruled that an insurance company must issue a \$200,000 policy on Mrs. Pederson's life. The housewife had applied for the policy in the conviction that her husband would need at least \$20,000 a year to replace her homemaking services in the event of her death.

The insurance firm had rejected her application and advised that it would issue no more than \$50,000 worth of life insurance because she was not the family's "breadwinner."

The judge's decision disputed the insurance company's claim that the \$200,000 policy was "overinsurance beyond her needs."

Mrs. Pederson's attorney viewed the case as a joust with sex discrimination and hailed the victory as a recognition of women's rights.

The judge, we think, simply took a long, hard look at a homemaker's duties and agreed with Mrs. Pederson's common-sense computation of their fair value.

A factory worker went to his boss and told him "I think I deserve a raise. For the past six years I've done the work of three men."

"I can't give you a raise," said the boss, "but if you tell me who the other two are, I'll fire them."

Capitol Architect George M. White figures Congress can create 135,000 square feet of additional office space for itself by investing \$55 million in his plan to rebuild the historic West Front of the Capitol. The American Institute of Architects is objecting, on grounds that the plan — which calls for projecting the West Front forward by as much as 80 feet — would harm the

architectural integrity of the building.

We go along with the AIA. The West Front is the only portion of the original Capitol facade still visible. It is badly in need of shoring up, but the AIA estimates it could be restored with its present appearance for half the cost of Mr. White's plan.

But what about the demand for more office space for Congress? In the spirit of budget-balancing and streamlining of big government which President Carter wants to bring to the other end of Pennsylvania Avenue, Congress should impose a ceiling on the square-footage of its own offices, which already have spilled into monumental annexes near the Capitol. This would be bad news for Mr. White, whose staff of architects would have less to do, but it would discourage extensions that might eventually see the West Front reaching all the way to the Washington Monument.

## HEARTLINE

HEARTLINE: I recently hired a woman to help with my housework. Do I have to report and pay Social Security taxes on her wages? F. C.

ANSWER: Yes. Under present law, domestic services performed in the private home of the employer are covered under the law if the cash wages paid by the employer to the worker during a calendar quarter — January through March, April through June, July through September or October through December — amount to \$50 or more.

HEARTLINE: I have talked to some insurance agents about purchasing a Medicare supplement insurance policy. All the salesmen talk about preexisting health conditions, but I really do not understand this. Can you explain what they mean? N. R.

ANSWER: This is one of the most important and least understood provisions of a health insurance policy. Many policies have a clause that states any injury or sickness you may have been treated for in a specified period immediately preceding your purchase of the policy will not be covered for a specific length of time. Either one of these time periods can be from 30 days to two years.

Obviously, the best policies are those with the shortest time period to wait before being covered for "preexisting conditions."

For people who have problems understanding their health insurance, Heartline has developed "Heartline's Guide to Health Insurance." This book covers the major questions you have about the purchase of health insurance, Medicare supplements, disability income policies and regular health insurance policies. There is also a policy checklist which will help you in asking questions to an insurance agent.

To order your copy, send \$1.50 to "Heartline's Guide to Health Insurance," Box 4994, Des Moines, Iowa 50306. This book is completely guaranteed. Please allow six weeks for delivery.

HEARTLINE: How do you know if a mail order company will back up its claims? R. K.

ANSWER: Many millions of dollars are spent annually with mail order companies, and probably 99 per cent of them are fine organizations that are very legitimate and offer a complete money-back guarantee. It is the other 1 per cent that gives the mail order business a bad name and forces the consumer to beware.

The most important rule to follow in ordering by mail is to never send cash. Always use a check or money order so you have a record of when you sent your order and when the company received it.

Obviously, there are many other important considerations when you order something by mail. Heartline has compiled a list of 10 rules to follow when ordering by mail. For a free copy of this list, send a long, self-addressed, stamped envelope with your request to "Heartline-Mail Order," 114 E. Dayton Street, West Alexandria, Ohio 45381.

HEARTLINE is a service for senior citizens of all ages. Its purpose is to answer questions and solve problems — fast. If you have a question or a problem not answered in these columns, write HEARTLINE, 114 E. Dayton St., West Alexandria, Ohio 45381. Senior citizens will receive prompt replies, but you must include a stamped, self-addressed envelope. The most useful replies will be printed in this column.

## Reuss Notches 100th Career Win, Cubs Win

By KEN RAPPOPORT  
AP Sports Writer

For three days during the All-Star break, Jerry Reuss heard crickets chirp and the wind blow through the trees in a sleepy New England retreat.

Thursday night, he heard the crack of Al Oliver's bat and the wind of his pitches blowing by batters.

Both kinds of noises were significant to the Pittsburgh Pirate left-hander. The first provided needed therapy and the second a needed victory, as the Pirates beat the Cincinnati Reds 6-2.

"I stuck my feet in the Atlantic Ocean and washed away the first half of the season," said Reuss, talking about his dismal 4-10 record before Tuesday night's All-Star Game. "It seemed the farthest thing from my mind was pitching."

"I slept late, sat on the porch, heard the crickets chirp. These are things I don't hear during the baseball season."

Reuss allowed but six hits in one of his strongest performances of the season

and had plenty of help from his teammates. The Pirate defense contributed three double plays and Oliver drove in a pair of runs.

Reuss also had some assistance from the fans in notching his 100th career victory. The Pirates broke open the game with three runs in the fifth, courtesy of a fan's umbrella.

Lead-off batter Frank Taveras hit a foul pop-up and Cincinnati first baseman Dan Driessen had a chance to catch it near the railing but the ball struck a bright blue umbrella and eluded him.

The Reds briefly argued that it was fan interference, but first base umpire Paul Pryor said the ball was in the stands when it hit the umbrella. After that incident, Taveras tripled to start the three-run rally.

**Phillies 9, Giants 6**  
Pinch-hitter Jerry Martin's bases-loaded triple capped an eight-run sixth inning that carried Philadelphia over San Francisco.

The Giants had taken a 6-0 lead off winner Jim Lonborg, 4-3, on a grand slam homer by Gary Thomasson in the third and a two-run homer by Marc Hill in the fifth.

**Cubs 4, Braves 3**  
Bill Buckner's run-scoring pinch single in the bottom of the 12th lifted Chicago over Atlanta. With one out in the 12th, reliever Rick Camp, 5-2, walked both Manny Trillo and Joe Wallis before Buckner delivered his game-winning hit.

Camp took over for Phil Niekro at the start of the inning after Niekro had yielded seven hits and struck out eight in 11 innings. Paul Reuschel, 4-1, who followed

starter Bill Bonham and Willie Hernandez to the mound, was the winner.

**Expos 4, Dodgers 0**  
Steve Rogers sired a four-hitter and Tony Perez drove in three runs as Montreal blanked Los Angeles. Rogers, 10-8, recorded his fourth shutout of the season, tying him with Cincinnati's Tom Seaver for the league lead.

Steve Garvey's second-inning single, a single in the seventh by Reggie Smith and base hits by Johnny Oates and Bill Russell in the ninth were the only safeties off the Montreal right-hander. Rick Rhoden, 10-7, lost his fourth game in a row for the Dodgers.

**Padres 3, Mets 2**  
George Hendrick's bases-loaded single off Skip Lockwood in the 10th inning lifted San Diego over New York. With one out, singles by Bill Almon and Mike Ivie and an intentional walk to Dave Winfield loaded the bases to set the stage for Hendrick's decisive hit.

### 7-0 Center New Recruit At East Tenn.

Johnson City, Tenn. — Don Zeiler, a 7-0, 225-pound center from Rockaway, N. J., will join the basketball program at East Tennessee State University.

Zeiler, who played sparingly for Brevard Community College in Cocoa, Fla., last year because of illness, has signed a grant-in-aid with the Buccaneers.

He was signed to the Ohio Valley Conference pact by Buccaneer head coach Sonny Smith.

"We saw Don play three of his last five games last season," said Smith in announcing the signing. "We feel he has the tools to play major college basketball."

Zeiler played his high school basketball at Morris Hill High School in Rockaway where he was an All-State selection, All-Morris County choice and New York Daily News All-Conference and All-Area picks.

In high school, he carried a scoring average of 22.6 points per game and 18.1 rebounds per outing. He also averaged 8.3 blocked shots per game.

His single game highs include 42 points and 34 rebounds.

Zeiler was coached at Morris Hill High School by Walter Kilcollen while Ray Oler was his coach at Brevard Community College.

Zeiler will join Brevard Community College teammate, Cat Watson, a 6-3 guard, as a Buccaneer this fall.

Other Buccaneer signees include 6-7 George Underwood from Knoxville Austin East, J. D. Davis, a 6-3 guard from Wallace Community College in Dothan, Ala., 6-7 D. C. Smith from Brevard Junior College in Brevard, N. C., 6-6 Vincent Scott from Bishop State Junior College in Mobile, Ala., and 6-6 Charles Thaxton from Durham High School in Durham, N. C.

Murray Righthander Blanks Clarksville

# Gibbs Fires Gem, Legion Splits Two

There was a power problem Thursday night at Holland Stadium.

The power was from the arm of Alan Gibbs who made it lights out for the Clarksville American Legion team.

Gibbs, a righthander who will be a junior at Murray High this fall, blanked Clarksville on a three-hitter as the Murray American Legion posted a 9-0 win to gain a twinbill split.

In the opening contest, Clarksville extended Murray's losing streak to four games with a 7-3 victory.

Gibbs was simply overpowering. Not only that, he had his control too. And when Gibbs has the fastball working and has the control, opposing batters have about as much of a chance as hitting the ball as Johnny Horowitz would have cleaning up the roadways in Murray.

Gibbs struck out 11 batters in the contest and did not issue a walk. He was never in trouble. He gave up singles in the second, sixth and seventh innings.

Besides the power from his arm, the power from his bat

also played a key role in the victory by Murray.

Gibbs knocked in four runs with a pair of singles.

Gibbs got all the support he needed in the home half of the first as Bob Thurman reached on an error and stole second.

Gibbs came up and struck out. But the catcher missed the ball and the throw to first went into rightfield. Gibbs wound up on third and Murray led 1-0. Jeff Oakley and Tommy Chavis added doubles in the frame, with each getting an RBI.

Murray made it 6-0 with three more in the second as Mike Utley singled, stole second and went to third when Kim Sims reached on an error. Thurman singled in one run before Gibbs singled for two.

Brad Taylor's run-scoring single in the fourth made it 7-0 for Gibbs before the Murray hurler singled in two in the sixth to account for the final nine-run margin.

In the opening contest, it

was a story of too many hits and too many errors. Clarksville had too many hits, Murray too many errors.

Brad Taylor started on the hill for Murray and worked four complete innings, exiting with a 7-2 deficit. Taylor gave up seven hits in the game and four earned runs.

Paul Robertson hurled shutout ball over the final three frames and gave up just two hits.

Murray, which made four errors in the contest, fell behind 3-0 in the first as an error, a single and a three-run homer by Chuck Blane staked Clarksville to an early lead. The visitors added two more in the fifth and two in fourth to lead 7-0.

Murray's runs came in the fourth, fifth and sixth frames. Oakley singled in the fourth, Thurman singled in the fifth and an error accounted for the run in the sixth.

With the split, the Murray Legion stands at 12-17 for the season.

Murray will play a 1 p.m. twinbill at Jackson Saturday to close out the regular season.

Then next Thursday evening in Brooks Stadium, Murray will open a best-of-three playoff series with Paducah in tournament action.

## Royals Clout Tigers, Edging Closer To Top

By HERSCHEL NISSENSON  
AP Sports Writer

The Kansas City Royals, seeking another division title, keep closing in on first place in the American League West. The expansion Seattle Mariners, hopeful of finishing out of the cellar, are all the way up to sixth and wouldn't mind staying there.

The Royals sliced another half-game off the lead of the idle Chicago White Sox Thursday night with an 8-1 rout of the Detroit Tigers and trail the division leaders by just two games. Meanwhile, the Mariners edged Oakland 4-3 and dropped the A's into the basement, one-half game behind Seattle.

"It's easy to get someplace, but it's tougher to stay there," said Seattle Manager Darrell Johnson, whose Mariners have been in last place almost steadily since the start of the season.

"It's kind of like getting to the major leagues. A lot of players get there, but not that many stick around."

Al Cowens had four hits and drove in five runs in Kansas City's triumph while Paul Splittorff fired a four-hitter for his third complete game in 22 starts. The victory was the seventh in a row for the Royals, the longest winning streak of the season for the defending champs.

**Mariners 4, A's 3**  
Ruppert Jones and Julio Cruz drove in two runs apiece for Seattle while Glenn Abbott defeated his former Oakland

teammates for the third time in four decisions. Abbott lost a shutout bid in the seventh when Wayne Gross hit a two-run homer. Mitchell Page homered in the ninth for Oakland's final run.

However, Jones ripped his 18th homer to get the Mariners started in the second inning and his sacrifice fly in the third made it 2-0. Cruz delivered the other two runs with singles in the fifth and sixth.

**Red Sox 11-2, Indians 4-8**  
Home runs by Andre Thornton, John Lowenstein and Bruce Bochte highlighted the Indians' victory while Butch Hobson slammed a three-run homer for his second hit in Boston's nine-run seventh inning that decided the opener.

Jim Bibby was clipped for Jim Rice's 24th homer but still won the nightcap with their help from Jim Kern. Larvell Blanks' two-run homer off Luis Tiant gave the Indians a 3-2 lead in the seventh inning of the opener but a single by George Scott touched off the Red Sox' nine-run explosion in the bottom of the inning. Tiant went seven innings and fanned eight, including Rico Carty in the fourth for the veteran hurler's 2,000th career strikeout.

**Brewers 0-5, Yankees 7-4**  
The Brewers, three outs away from being shut out in both ends of the doubleheader, rallied with four runs in the

ninth inning of the nightcap and then won it in the 10th on rookie Dick Davis' two-out bloop single. The Yankees took the opener as Catfish Hunter fired a five-hitter for his first shutout of the season and Graig Nettles hit a three-run homer.

Cecil Cooper, who ignited the Brewers' four-run rally with a leadoff homer in the ninth against Ed Figueroa, led off the 10th with a single off Dick Tidrow, his fourth hit of the game. One out later, he stole second when catcher Fran Healy was unable to hold the ball on a pitchout. After Tidrow fanned Jamie Quirk, Davis looped his game-winning hit to right field.

Another rookie, pitcher Sam Hinds, kept the Brewers in the game after they fell behind 4-0 in the first inning by hurling 71-3 scoreless innings, allowing just two singles.

**Twins 3, Angels 2**  
Bobby Bonds homered off Dave Goltz as the Angels scored twice in the top of the first but Lyman Bostock tied it against Nolan Ryan with a two-run triple in the bottom of the first and scored on Larry Risle's two-out bunt single.

## Purcell Loses In Split Sets In Clay Court Play

LOUISVILLE, Ky. (AP) — On top of his game after pulling his third upset of seeded player in as many days, unseeded Lloyd Bourne of Pasadena, Calif., led three other players into today's semifinals in the National Junior Clay Court Tennis Championship here.

Bourne, a sophomore at Stanford University, moved into the semifinal round after defeating ninth-seeded Chuck Hodgins of Sumter, S. C., 7-6, 6-3.

Bourne was matched today against seventh-seeded John Corse of Atlanta, a 6-3, 6-3 winner on Thursday over Andy Chase of Cumberland, R. I.

The other semifinal matches found fourth-seeded Jeff Robbins of Salt Lake City against 10th-seeded Tal Henry of Charlotte, N. C.

Robbins advanced by defeating fifth-seeded Mel Purcell of Murray, Ky., 6-4, 6-3, while Henry beat Marty Davis of San Jose, Calif., 6-3, 6-4.

Bourne is also still in the running for the doubles title, which entered the semifinal round today.

Bourne and Blaine Willenborg gained the semifinals by defeating Andy Andrews and Chuck Hodgins 7-6, 6-4.

## Forsch Wins 12th Game As Cards Edge Astros

ST. LOUIS (AP) — J. R. Richard's version of summer heat restricted the St. Louis Cardinals to four hits Thursday night, but each one counted.

In fact, on one of the few occasions Richard elected to ease throttle, the Cards' Keith Hernandez proved ready and dented the Houston Astros right-hander for a homerun.

"I was standing there with the bat on my shoulder thing, 'This time of J. R. is going to change up,' said an impish Hernandez in joking tones.

"That fouled up the book a little," mused Hernandez, a fast ball hitter whose drive in the second-inning triggered a 4-0 St. Louis victory.

Hernandez' blow, his first homer since June 21, helped decide a pitching duel between the 6-foot-8 Richard, 9-7, and Cards right-hander Bob Forsch, 12-4, who walked five but permitted only three Astros hits. "I don't know what it was. Sometimes I was standing out there and I just didn't feel good," said Forsch. "I guess I just wasn't concentrating. I wanted to

keep them off the bases, because they're a pretty good running team."

Forsch, relying on a lively fast ball, held Houston hitless until former teammate Jose Cruz sliced a double with two out in the fourth inning.

Meanwhile Hernandez' blast represented the only St. Louis hit until Garry Templeton singled, stole second base and scored on two grounders in the Cards' fourth.

Forsch became Richard's sixth strikeout victim to start the sixth but Jerry Mumphrey followed with a single and also swiped second.

Templeton then picked on a 3-1 Richard delivery and hammered a triple to left-center for his second hit and afterward scored the final run on Ted Simmons' second RBI grounder.

"I was happy to get them," conceded Simmons of the RBI, which boosted his season's total to 61. "J. R. was throwing everything."

The shutout was the seventh of his career for Forsch, who also permitted singles by Cruz and Ehos Cabell in the sixth and eighth innings en route to his fifth complete game.

"Both of them pitched good," said Astros Manager Bill Virdon in evaluating the performances of Richard, who entered the game with a streak of 22 1-3 scoreless innings, and Forsch.

"Forsch pitched better, I guess," said Virdon. "He was better than at any time before we've seen him."

## Super Putting Gives Trevino Lead In Canadian Open Play

By BOB GREEN  
AP Golf Writer

OAKVILLE, Ont. (AP) — Lee Trevino was the first to predict that his first-round lead in the \$225,000 Canadian Open Golf Championship would not stand up.

"It's like my little boy said," Trevino quoted. "There's two things that won't last: a dog that chases cars and a pro that misses greens."

Trevino missed more than his share of greens Thursday, but he saved things with what he called "the best putting round I've ever had."

"In all the years I've played golf, and I've played golf for a lot of years in a lot of tournaments, that's the best putting round I've ever had."

"I didn't shoot 67. I putted 67. From where I hit the ball, I should have had about a 72. And it would have been a good 72, not an easy one."

"I've got to start hitting the ball better if I hope to do anything."

Trevino, trying to rebuild his game following major back surgery last winter, one-putted 11 times and once holed a 45-footer to save par on his way to the five-under-par effort that put him one stroke in front of nine players tied at 68.

Heading that group was Jack Nicklaus, designer of the tough, hilly, leg-straining 7,090-yard Glen Abbey Golf Club course that is being played for the first time and will be a permanent site for this national championship.

Nicklaus, who has yet to win the Canadian title, shared the No. 2 spot with Bruce Lietzke and Tom Purtzer, each of whom had two eagles on his back nine, George Archer.

## Mayfield East Wins Tourney Play At Fulton

Mayfield East, which eliminated the Murray Little League All-Stars Tuesday night in tournament play at Fulton, won the championship of the tourney Thursday with a 7-2 win over Mayfield West.

Shane Jackson, who had thrown a no-hitter in Monday's opening win over Paducah, allowed just two hits to Mayfield West. Jackson fanned eight batters in going the route for the victory.

Rodney Scarborough, who hurled the 2-0 win Tuesday for Mayfield East over Murray, picked up three hits to pace the 11-hit attack.

Mayfield East will play at Henderson Tuesday and the winner of that game will move on to the first round of the state tourney play at Owensboro.

Should Mayfield East win at Henderson and Owensboro, they would be one of the final four teams left in the state.

Meanwhile, the Murray Little League All-Stars are gearing up for another tourney.

The Murray All-Stars will play at 7 p. m. Tuesday in the Madisonville Invitational, meeting Russellville. Murray Team Number Two will play at 7 p. m. Wednesday against Hopkinsville.

## Criminal Justice Programs Receive Grants From State

Gov. Julian Carroll has granted nearly \$1.3 million to criminal justice programs throughout Kentucky.

Carroll awarded the 55 grants, totaling \$1,278,573, following the recommendation of the Kentucky Crime Commission.

### Airman Rule Awarded

#### Sr. Airman Stripe

ANGELES CITY, Philippines — Tani L. Rule, whose parents are Mr. and Mrs. Ralph D. Kuerz of 14645 Stahelin, Detroit, has been specially identified for early promotion to senior airman in the U. S. Air Force.

Airman Rule was awarded the new rating by a "below-the-zone" promotion board which considered job performance, military knowledge, bearing and self improvement efforts.

Being selected "below-the-zone" means that the individual has been awarded the senior airman stripe up to six months in advance of normal promotion eligibility. Competition in this category is highly competitive and reserved for only those airmen who excel on the job and are recommended by their unit commanders.

The airman is an inventory management specialist at Clark AB, Philippines, and serves with a unit of the Pacific Air Forces.

Airman Rule is a 1974 graduate of Redford High School. Her husband, Roger, is the son of Mr. and Mrs. Leon Rule of Rt. 1, Kirksey, Ky. R4.

The major portion of the money, \$558,756, was allocated to community-sponsored juvenile delinquency programs throughout the Commonwealth. Police programs were awarded the highest allocation, \$430,194.

The largest single grant was \$150,799 to Jefferson County for the establishment of two group homes for juvenile offenders. The two new homes are designed to reduce the population of Ormsby Village, a juvenile detention center. Thirty-two Kentucky cities and counties shared in the

funding, most of which will come from the Law Enforcement Assistance Administration. The Department of Justice and Department of Human Resources also shared in the grant awards.

Along with the Jefferson County group home project, among the 13 juvenile delinquency projects awarded funding was the Hardin County Board of Education. Their grant of \$27,778 is for the development of an alternative school at West Hardin High School to help rehabilitate juvenile delinquents at the

high school level.

Among the 28 grants awarded police agencies across Kentucky was Montgomery County's \$31,650 in third-year funding for their "Community Involvement in the Criminal Justice System" project, for the formation of an auto theft program and a crime prevention program for rural dwellers.

Lyon County will receive \$22,212 to consolidate the police efforts in the county, with the addition of manpower and equipment. The City of Florence will receive \$10,572

to establish a local crime prevention component in their city police department.

The Kentucky Department of Justice was awarded \$108,803 in the police category for the continued operation of regional crime laboratories in northern and eastern Kentucky.

Among the seven grants totaling \$146,546 earmarked for corrections, Boone County will receive \$15,550 to determine the feasibility of implementing a regional jail for Boone, Grant and Gallatin counties.

The Kentucky Bureau of Corrections was awarded \$58,500 to initiate a program to compensate employers for training parolees while they are in their employ.

Among the four grants awarded for training criminal justice personnel was one to Northern Kentucky University for \$10,431 to offer an associate degree program in law enforcement for pre-service and full and part-time police officers.

The Commonwealth's courts system was awarded three grants totaling \$30,289.

## Let's Stay Well Ice Cream Or Ice Milk?

By F.J.L. Blasingame, M.D.

Q: Mr. C.M. wants to know the advantages, if any, in eating ice milk rather than ice cream, as

far as fat content and calories are concerned.

A: While ice cream contains more milk solids than ice milk, the most significant solid is the milk fat.

The principal ingredients of both ice milk and ice cream are controlled by state and federal regulation, and the requirements vary in many areas the country. Also,

ingredients other than fat vary and may affect the caloric content, such as sugar or syrup sweeteners and emulsifiers and the proportions of these parts employed in the mixing. Of course, the addition of nuts, fruits, or candy can influence the caloric content.

Ice cream, in most cases, contains at least 10 per cent milk fat. Some ice cream will contain more.

Ice milk, on the average, contains no less than two per cent and not more than even per cent milk fat.

According to the Department of Foods and Nutrition of the American Medical Association, a regular serving of one-sixth of a quart (a bit more than a quart) of minimum fat ice cream (10 per cent fat) contains about 174 calories, while the same amount of ice milk (five per cent fat) contains about 137 calories.

If you buy ice cream or ice milk in a container, it may show the content on the package. If you want more accurate information because of your personal health, you might inquire directly from the manufacturer.

We aren't what we think we are, but rather what we think! We are the sum total of our thoughts. The most profound and accurate statement on human behavior ever written is by God's wise spokesman, when he says, "for as he thinketh in his heart, so is he..." (Proverbs 23:7) Whatever comes out in our life must first originate in our heart or mind. (Matthew 12:34,35). So, one is wise who "keeps (his or her) heart with all diligence: for out of it are the issues of life!"

Thoughts rule the world—yours and mine. A lonely person will be that way among a host of people; a contented person will be that way when alone. External circumstances do not determine the world inside of us. Just for today fill your mind with positive, constructive, optimistic, and happy thoughts and see how much better and brighter everything around you is. We might even like to try it another day or two!

It's the greatest thing in the world to be a Christian.

## The Trouble With Young People

Since time immemorial the cry of the older generation has been that the trouble with young people is that they are irresponsible, inconsiderate, and, at times, impossible. Yet today's young people are not really so different from the generation before.

If we do not like what we see in our young people, we must look to ourselves; for they are surely a reflection of ourselves. If they turn away from the church, perhaps, there is a reason. We need to examine ourselves, what do our young people see in their church?

If you don't like the answer, this is the time to make some changes. Let your church be an example young people will want to follow. Make your church and its youth something to be proud of.

Record Review  
by J. D. Lancaster

Heart is becoming one of the hottest rock groups in rock history. The Seattle group consisting of two women and four men earned platinum records in the United States and Canada and a gold one in Australia for their debut album "Dreamboat Annie." Now they have a new album on a new label called "Little Queen."

Ann Wilson is the band's dark-haired lead vocalist and flutist and composes most of the group's music along with her sister, Nancy. Nancy Wilson, the devastatingly beautiful blonde, is great on acoustic guitar, electric guitar and vocals.

The other members of the group are Roger Fisher on

lead guitar, Howard Leese on keyboards, Steve Fossen on bass and Michael Drosier on drums.

The top smash hit on the album, "Little Queen" is "Baracuda" and has tough sounding bass guitars and vocals that just gallop right along.

"Love Alive" is a switch to a

mellow vocal as many of the cuts on the album are slower than the dashing "Baracuda." Ann Wilson is beautiful on the lead vocals and flute. Nancy does great on backup vocals and acoustic guitar.

A rare treat is in store for the person that listens to "Sylvan Song" which makes good use of the mandolin. A great hard rock cut is the fast moving "Kick It Out."

Another potential hit single is "Say Hello" and "Little Queen." On "Little Queen," Drosier is great on the drums.

It looks like another platinum album for Heart.

## Mini Reviews

STARLAND VOCAL BAND - "Rear View Mirror" - This is one of the worst albums to date by the group. It does belong in the rear view mirror.

JETRO TULL - Old Locomotive Breath is at it again with "Song From The Wood." Great flute performances throughout the album. Vocals remind me of Cat Stevens.

TAVARES - "Love Storm" is another great LP from this soul group that is classed along with the Spinners and the O'Jays. It contains the smash hit, "Whodunit."

NAZARETH - The hard rock group has finally released a greatest hits album called "Hot Tracks" and includes the fabulous "Love Hurts."

Pharmacist has  
"tried them all..."  
...discovers weight  
control program  
that really works!

Pharmacist Dan Smith of Burger's Drug Store in St. Charles, Illinois is a NaturSlim "believer" after losing 18 pounds in just two weeks. After hearing so much about the NaturSlim program from customers and seeing the excellent results they were having, Dan decided to try it himself.

"In my many years as a pharmacist, I've seen and tried numerous weight-loss plans, but none have worked as well for me as NaturSlim. And NaturSlim is very nutritional too!"

After three months, Dan has not regained any of the lost pounds either, as so often happens when "rebounding" from starvation diet plans. He maintains his weight by taking NaturSlim once daily... and eating normally otherwise.

Dan says, "It was surprisingly easy, too! I didn't have to attend any weigh-ins, starve myself or do any special exercises." With the NaturSlim program, there are no shots, drugs or long lists of forbidden foods. In fact, you are encouraged to eat a normal, well-balanced dinner every day.

The next time you are in the St. Charles area, stop by Burger's Drugs and see Dan yourself. He'll tell you personally what he thinks about NaturSlim!

PURDOM and THURMAN REAL ESTATE

**RENT WITH OPTION TO BUY**

If your home is on the market long enough, you'll hear the proposition: "I'll rent your home with the option to buy." We've heard it time and again. It is usually made by someone who wants to get out of the rain and is not really serious about buying ANY house. I would not advise you to rent your home under these circumstances unless there is a serious consideration for the option over and above the rent. The consideration should be a significant amount because you are removing your home from the market. The longer the period of time, the larger the consideration. The option may or may not apply again.

st the sale price. These and many other items should all be specified in the option contract which should be drafted with even more care than the usual purchase and sale agreement. Most important of all - remember that you are now culling your prospects down to one - one who has already told you he would prefer to rent than buy.

Consulting with people about their real estate needs is our specialty. Drop by Purdom & Thurman on the court square or call Pat Mobley 753-4451 or 753-8956. We're here to help!
